How Do You Want to Change the World?

Support Community Shares of Wisconsin through [your company's] workplace giving campaign

Community Shares of Wisconsin (CSW) connects donors with 63 local, grassroots nonprofits committed to creating positive change in Dane County and throughout Wisconsin. Through advocacy and action – as well as direct service to those in need – Community Shares member groups work hard to improve our community. And on this, their 40th anniversary, they have a long track record of helping improve lives in our community.

HOW DO YOU WANT TO CHANGE THE WORLD? Through Community Shares, you decide how you want to make a difference.

- You can support all 63 member nonprofits with a general contribution to CSW.
- You can direct your gift to the nonprofit(s) of your choice and **100%** of your gift will be distributed as you wish.

What does 40 years of change look like? CSW member nonprofits have helped make strides in housing rights, sexual assault and domestic violence prevention, environmental protection, and justice issues. Today's CSW members are involved in:

- [Protecting our environment and living sustainably](#)
- [Ensuring affordable, accessible housing](#)
- [Fostering civic engagement](#)
- [Supporting women, children and families](#)
- [Empowering people with disabilities](#)
- [Working for a more just, equitable society](#)

In 40 years, CSW's issues may have changed, but their passion for justice remains steadfast. To learn more about Community Shares of Wisconsin or its member nonprofits, please visit www.communityshares.com or call (608) 256-1066.
